

Benefit's Of Starting A **VIRTUAL RESTAURANT**

The rise of virtual kitchens, also known as virtual restaurants, has taken the food and hospitality industry by storm in recent years

In today's landscape, the prospect of opening a new restaurant is daunting, and for a good reason.

But if it's a goal you've been striving for for years, or it may be a lifelong dream you wanted to achieve, virtual restaurants could be your saving grace.

Website restaurant example food delivery services market was worth 8.5 billion in 2019, and 7.5 billion food deliveries

Restaurant website example

The number of food deliveries in the US has increased by 39% over the past three years

Since 2014, online orders have grown 300% faster than restaurant traffic.
