

Tips to Rank Blog Post on Top of Google

- **Think about your topic.**
- **Bullet point first.**
- **Use headings wisely.**
- **Consider the length of your post.**
- **Ask other people's opinions.**
- **Link previous posts.**
- **Publish content regularly.**
- **Maximize SEO plugins.**

Some traditional SEO tricks no longer work these days and you need to publish outstanding content for you to earn your rankings. You can apply the tips above to boost the SEO friendliness of your post but you still have to write a quality post worth sharing and tweeting by your audience. The best **SEO Company in Arvada, CO** works in the background, making sure that all pages on the websites are correctly optimized and in line with Google guidelines.
